Description

If your looking for a workhorse, well taking care of, and with low miles. We got the RV for you :). If you're looking for the ultimate in comfort while on the road, then the Class A Motorhome is for you. It has all the amenities of home in a self-contained unit. With features like a big refrigerator, oven/microwave, TV/VCR (2 in most units), satellite dish, bath facilities, bigger batteries, large water and holding tanks, generous propane supply, on-board generator and ample living space, the livability of a larger Class A is exceptional. These features also make these units especially good for "dry" camping, where hookups are not available.
