### Description

Stock #396268 - 2011 Winnebago Sightseer 36V Class V Low Mileage & Full Body Paint! This 2011 Winnebago Sightseer 36V offers an awesome floorplan featuring an L-shaped sleeper sofa that extends for more seating when the main super slide is opened up, a booth dinette that converts to an additional sleeping area, an open galley, a huge split bath area, and large master with plenty of storage and enough room to walk around the bed. The four-door wood panel refrigerator, flat-screen TVs, and a built-in outside entertainment center with a TV are great options and features in this beautiful motorhome. The Ford chassis is powered by the well-known and respected V-10 Triton 362 horsepower engine. When you are ready to set up for camping, you will find it quick and easy. With the push of a button, the coach will level itself, and then, with another set of buttons, you can extend the slides. Your roomy home away from home will be ready to get the clamping started! This motorhome is also equipped with a large patio awning, window awnings, and even slide-topper awnings that keep debris from getting inside the slide-out edges, keep moisture away, and protect the slide from getting hot in the summer sun. Another great feature of this motorhome is the full-body paint. Unlike many motorhomes in this size and category, there are no decals to peel. You can travel fully off-grid in this coach and know that everything will be okay. The large 94-gallon freshwater tank and the 5,500-watt generator ensure that power and water are ready to go! We are looking for people all over the country who share our love for boats/RVs. If you have a passion for our product and like the idea of working from home, please visit [Careers \[dot\] PopSells \[dot\] com](https://www.careersatpopsells.com) to learn more.
