Description

Stock #316844 - Ready for off the grid living, custom van with amazing amenities, cabin AC. Beautiful interior and stealthy exterior, the perfect van for going anywhere in the country. This unassuming van won't draw any attention as it looks fairly stock on the outside; the only giveaway is the AC unit on top. Ideal to go around town and park anywhere. A beautifully made custom interior makes this one of the roomiest vans around. There is a pull-out table for the outside as soon as you open the door. In the kitchen area, you have an extension to increase your counter space, a sink, and an induction cooking stove for maximum safety. Across you have a refrigerator. The bathroom offers an incredible amount of space thanks to its full shower. Lots of headroom and space to move around while showering. At the back, a queen-size memory foam mattress with lots of over-head storage and lights. A super comfortable bed to rest after a long day on the outside. Access to all the electrical components is through the back doors. On the driver side, you have your water heater and big water tank, and on the passenger side, you have two big batteries, a 3000W inverter, and all the solar panels control. One of the biggest features of this van is that it can run the AC from the solar and batteries, with no need for a generator. Ideal for a quiet stay anywhere. At the front, the driver and passenger seats have been maintained original as well as the dash. Lots of visibility from here. There is a backup camera for easy maneuvering. Overall a ready-to-go, must-see custom van! We are looking for people all over the country who share our love for boats/RVs. If you have a passion for our product and like the idea of working from home, please visit [Careers \[dot\] PopSells \[dot\] com](https://www.rvpostings.com) to learn more. Please submit any and ALL offers - your offer may be accepted! Submit your offer today! Reason for selling is going bigger. You have questions? We have answers.
