Description

Great opportunity to purchase a used 2021 Lifestyle Vehicle by Dave & Matt Vans. This LV|59X Camper Van has been professionally maintained in our rental fleet for the past year and is priced to sell to make room for our all-new 2023 models. For additional information and current inventory, visit our website at www.dmvans.com. All vehicle purchases are available for door-to-door delivery and come with our service guarantee: 1 Year Craftsmanship Warranty 3 Year/36,000 Mile Basic Limited Warranty Coverage 5 Year/100,000-Mile Powertrain Limited Warranty 5 Year/60,000 Mile Roadside Assistance Financing options starting from \$600/month. LV|59X Vehicle Description: Enjoy four season comfort in this custom van built to be driven, and lived in, no matter what the conditions are outside! Enjoy four season comfort in this custom van built to be driven, and lived in, no matter what the conditions are outside! This RAM Promaster Camper Van was built using high-quality materials and includes an incredibly functional layout for whatever adventure you have in mind. The 159-inch EXT wheelbase model is our largest offering, providing room for a king size bed, ample storage, removable rear seats, dinette seating, and our full kitchenette. This vehicle comes with a robust energy system featuring a lithium battery, a 160 watt solar panel, and a smart isolator to recharge the lithium battery as you drive. This particular van also features a 2000 watt power inverter. Despite its larger size, this vehicle can still be parked in a normal parking spot and has an exceptionally tight turning radius to move through city streets, highways, and trailheads with ease. A 2" hitch receiver at the rear of the vehicle allows you to add a bike rack or storage shelf (NOTE: hitch is not rated for towing). The interior is specifically designed to maximize space and functionality. The trunk space is perfect for storage and has also been purposefully left open to accommodate any type of toy or storage needs you have for your next adventure!
