It is a perfect size to legally park on any parking spots. - The cassette toilet was never used - The 2 burners was never been used since we mainly eat out or bring home cooked food and heat up with microwave. - Spent \$4k to upgrade with live security cameras (front, right, left & rear) with an LCD monitor so you'll be able to see outside while inside with all windows being covered. It can also be viewed remotely with Mobile App with WiFi in the van. - Customized all the window shades. - Customized the Bedding so it can be a permanent bed with comfortable memory foam.
