Approximately \$165 Million Dollars to Choose From. New RVs from \$19,999 to \$1,500,000 and Every Price-Point in-between! No Games. No Gimmicks. Huge Discounts on All New RVs Every Day! No Prep or Make Ready Charges Free 14 Nights of Camping - Plus the RV Complete VIP Suite of Services Complementary for 1 Year! M.S.R.P. \$166,192- All New 2023 Nexus Phantom 32P Bunk House Luxury RV for Sale at Motor Home Specialist; the #1 Volume Selling Motor Home Dealership in the World. This unit is approximately 32 feet 9 inches in length and features 2 large slide-out rooms, bunk beds, a spacious kitchen and a large TV in the cab-over loft for great visibility most anywhere in the RV! It rides on the amazing new Ford® E-Series chassis with a 7.3L V8 engine! Optional features include upgraded slate cabinetry, oven, an upgraded coach A/C w/ heat pump, a master bedroom TV, exterior entertainment center, single electric entry-step, roof ladder, aluminum running boards, side view cameras, heated & remote mirrors, and electric stabilizer jacks system. This amazing Class C RV also features the Phantom Value Package which includes a fiberglass roof, large residential size microwave, residential refrigerator w/inverter, and rear fiberglass radius eyebrow. Additional features and construction highlights found in the Nexus RV include galvanized steel storage boxes, heated and enclosed holding tanks, upgraded flooring and "plug and play" electrical harnesses throughout the coach making every Nexus RV's electrical system more dependable. Strength, Safety and Customer Satisfaction are the 3 cornerstones found in every Nexus RV. The strength of the Ford® chassis is nothing short of legendary and the all new V-8 engine delivers exceptional power and performance. The construction of the Nexus RV far exceeds the industry norm. First, and arguable foremost, the Nexus RV boast an all STEEL cage construction instead of the normal aluminum framed construction found in the competition. Steel cage construction is 72% stronger than aluminum and is only common place in RVs such as the Foretravel Realm or a Prevost bus conversion; both of which would have an M.S.R.P. value well over \$1 million dollars! That same commitment to strength and safety is found throughout the Nexus line-up. You will also find construction highlights such as 2 layers of Azdel substrate in the sidewalls & roof! The Azdel product provides 3X the insulation value of wood and is 50% lighter which will help optimize your engine's performance and fuel economy, and because it is not a wood material harvested from the rain forest it is both greener and provides a less than 1% chance of retaining any moisture that could ever lead to wall separation or mold. It is also formaldehyde free, impact resistant
