2023 Alliance Rv Avenue 28BH

\$51,999

Description

2023 Alliance RV Avenue 28BH, Alliance RV Avenue fifth wheel 28BH highlights: Queen Bed Bunk Beds Bike Storage Door Dual Reclining Theater Seating Swing Mount 40" Class HDTV Your family will enjoy traveling in this bunk model including two 42" x 74" bunks featuring storage beneath that can be accessed from outside using the bike storage door, or by lifting up the lower hinged bunk from inside. The combined living room and kitchen area is spacious thanks to the large slide which houses the floating dinette table, the 10 cu. ft. refrigerator and pantry. There is more seating adjacent to this slide. Here you will find a sofa, and all seating can easily view the swing mount 40" Class HDTV. In front up the steps, you will find a spacious side aisle bath including a 30" x 36" shower, toilet, vanity with sink and medicine cabinet, plus linen storage as well. Continue on to the front private bedroom with a walk-around queen bed plus nightstands and a closet off the foot of the bed to keep your clothing neat and tidy. You will also find overhead storage space above the bed for additional items. A benchmark chassis creates a space saver upper deck with each one of these Avenue fifth wheels by Alliance RV! The 101 in. wide-body construction gives you more room to walk around and the flush slide out floors throughout prevent any tripping. There are Azdel composite sidewalls inside and out, and a seamless fully walkable PVC roof for extreme durability, zero maintenance, and it is more solar reflective because of the bright white color. Twin 13,500 BTU A/C units provide 27,000 BTUs of cooling power which are ultra quiet and independently controlled keeping you comfortable during your entire trip. And, the fully enclosed and heated underbelly means that you can extend your camping season into the colder months if you like. You are sure to love the "no carpet zone" making each Avenue easy to clean and allergen free, not to mention pet friendly with vinyl flooring throughout. And, strategically placed Atrium windows in the bedroom and living area will not only provide more light, cross ventilation and fresh air, but bring a spectacular view of your surroundings right inside. You can maximize your space throughout with innovative storage solutions like the hidden storage behind the TV, inside the end tables, ottoman, and dinette chairs. Come choose your favorite model today!
