The swing-mount 50" HDTV will provide entertainment for your family while you relax on the dual recliner theater seat or tri-fold sofa. Freshening up each day will be a breeze in the full bath that includes a shower with a seat, and the front private bedroom is close by for convenience. A benchmark chassis creates a space saver upper deck with each one of these Avenue fifth wheels by Alliance RV! The 101 in. wide-body construction gives you more room to walk around and the flush slide out floors throughout prevent any tripping. There are Azdel composite sidewalls inside and out, and a seamless fully walkable PVC roof for extreme durability, zero maintenance, and it is more solar reflective because of the bright white color. Twin 13,500 BTU A/C units provide 27,000 BTUs of cooling power which are ultra quiet and independently controlled keeping you comfortable during your entire trip. And, the fully enclosed and heated underbelly means that you can extend your camping season into the colder months if you like. You are sure to love the "no carpet zone" making each Avenue easy to clean and allergen free, not to mention pet friendly with vinyl flooring throughout. And, strategically placed Atrium windows in the bedroom and living area will not only provide more light, cross ventilation and fresh air, but bring a spectacular view of your surroundings right inside. You can maximize your space throughout with innovative storage solutions like the hidden storage behind the TV, inside the end tables, ottoman, and dinette chairs.
