## Description

New 2024 Keystone RV Cougar Sport 2700BH Keystone Limited Edition Cougar Sport fifth wheel 2700BH highlights: Triple Double Bed Bunks Tri-Fold Sofa Sleeper Private Front Bedroom U-Shaped Dinette This limited edition lightweight Cougar Sport bunk model features sleeping for ten or more with triple stacked double bed bunks in the rear bunk room, a large U-shaped dinette that can be transformed into sleep space, as well as a tri-fold sofa sleeper and a queen bed in the private bedroom up front. So, tell the kiddos that they can invite a few friends because there is room for everyone! The U-shaped dinette will seat quite a few of you for meals and even game time, plus the sofa is nearby for even more to kick back on. A fully equipped kitchen with overhead microwave, a three burner range w/oven, and large sink plus storage will make it easy to keep everyone fed and happy. A 10.4 Cu. Ft. 12 volt refrigerator will keep all of your perishable items fresh, and there are plenty of cabinets for storing snacks and dry goods as well. Head up the steps to the bathroom featuring a shower with skylight, sink with overhead medicine cabinet, and toilet. The private front bedroom takes you away from the hustle and bustle of the main living area and bunkhouse to provide a relaxing retreat including a comfy queen bed, dual nightstands and shirt wardrobes as well as a wardrobe with two drawers along the interior wall for even more storage. The Cougar Sport structural I-beam frame with stamped steel cross-members and outriggers, plus its laminated sidewalls with five-sided aluminum superstructure and Alpha Super Flex roof membrane are what active RVers love about the construction of the Cougar line, and the Cougar Sport limited edition models are no exception when it comes to a great package, as well as being smaller and lighter weight than their big brother Cougar models. A one-piece, heated and enclosed polypropylene underbelly means a longer camping season. On the inside, residential shaker style hardwood cabinet doors and decorative crown molding, plus seamless pressed countertops and an on-demand water heater will make your unit feel even more like home. You are also sure to appreciate the shiplap style decorative accent wall behind the bed, a porcelain foot flush toilet in the bathroom, plus residential kitchen hardware, and so much more.
