2022 Very Clean, Excellent Condition 5th Wheel RV/Camper

\$98,900

Description

Very clean, stored inside, 2022 Grand Design Solitude 390RK Fifth Wheel Camper with Residential Package. This was used as living quarters while we built a home and we no longer need it as we don't have time to travel. Five bump-outs give this 41 foot RV an even bigger feel... it was easy to live in! There is a TON of storage inside and underneath (main reason why we chose to live in this one!) Lots of technology: TireLinc technology, Solar Prep package, Phone App for lights and bump-outs and leveling, Auto level, and many USB charging ports. Bedroom can accommodate queen or king bed (not included), has a spacious closet with sliding mirror doors and a closet/laundry area and a nice sized dresser. The bed also lifts up for more storage and there is a pull-out drawer at the foot of the bed as well. There is a TV above the dresser. The washer and dryer are included and work wonderfully. Bathroom has 2 sinks, large shower (with bench), towel hooks and closet storage. More storage in the front entryway where the controls are for bump-outs, awning, tank heaters, and exterior lights. Also a digital control panel! Living room has 2 comfortable reclining seats, 2 couches that convert into beds, an electric fireplace (takes the chill out very well on a cool night!), sound system (speakers indoors and outdoors), and... more storage! The kitchen is amazing. Huge pantry, plenty of cupboards (we reinforced shelving), good counter space, center island, 24" oven, full sized fridge (runs off of LP or electric), over the counter microwave, and a 2 compartment sink (we purchased a drying rack that fits over one side and that is passed on to the next owner). The bar-top counter with 2 chairs is like having a table to eat at! The water hook-up system is very simple and the filtration is pre-installed. 93 gal fresh water tank, 106 gal for 2 gray water tanks (1 - kitchen and 1 - bath/laundry) and 53 gallon black tank. There are 2 hook-ups for outdoor water hoses and electrical outlets on the exterior as well. This RV comes with solar prep (we never used it, but great option!) and the auto-leveling system is simple to use and manual adjustments can be made via your phone with an app. There are 2 back-up batteries that run the essentials and 2 - 40 gallon LP tanks included. The heat system works well and this RV is equipped with the Weather-Tek package with upgraded insulation, fully enclosed under belly, and tank heaters. This unit has every upgrade: Residential Package, Central Vac (additional bags and all accessories included), 2 TVs, electric fireplace, 3 air conditioning units with race track ductwork in ceiling (the bedroom one is the 3rd and is sooo nice!!), 6-point hydraulic leveling, upgraded tires w/TireLinc, and more! This camper has been thoroughly checked over and we've spent time making it sturdier and reliable. We'll tell you about any quirks or issues and can help educate on the nuances of this specific model. Many hours have gone into cleaning and making it move-in ready for you to enjoy. All original manuals are included. We are also available for questions and more pictures or videos. Please feel free to ask to see it! For more information, specs and floorplan, visit the Grand Design website: <https://www.granddesignrv.com/fifth-wheels/solitude/390rk> The 2022 and current model are almost identical.

Basic information

Year: 2022
VIN Number: 573FS4420NAA07387
