Description

Stock #378981 - Ready to hit the road to get your next adventure started! Very clean with little use! Grand Design produces some of the top RVs out there and this one is no exception. There's plenty of underneath storage including a massive rear storage area with a large slide out storage tray that requires minimal effort to slide out and slide back in. Inside there is a lot of room in the living area thanks to two slides. Plenty of room to relax while watching a little TV or relaxing in front of the electric fireplace. The elevated rear kitchen also has a lot of room thanks to the kitchen slide. Including the center island there's more than enough counter space to lay out a big spread. The same can be said for the bedroom. There's a lot of room thanks to the slide. Two closets, one with washer and dryer hookups and a dresser for even more storage.
