Description

31ft bumper pull American Star travel trailer. Great trailer to live in for a couple or small family. Available NOW! Tires in great shape New water heater New batteries New propane tanks Remodeled interior "Slow Rise" blackout curtains in living area Built in desk (no dinette) Copper vanity sink AC and central heat work great Carefree awning in good shape 2 minor inconveniences. Refrigerator door bottom latch is broken so you have to hold the door while it's open. (The only way to fix it is to replace the entire door) it's not too big of a problem and I just don't have the time to replace it. As well as the front stabilizer supports have rusted off due to wear and tear. It's an affordable replacement but I've been getting by just fine with jack supports. Overall a great trailer in good condition, only selling because I am moving and can't take it with me. \$13,000 or best offer, if you're interested feel free to message me with any questions or for more pictures!
