## 2016 Toy Hauler Dutchmen Voltage

**\$55,600**

### Description

Stock #377264 - 2016 Dutchmen Voltage 3914 - All Weather Package! Three slide-outs! Generator! The 2016 Voltage 3914 by Dutchmen has everything you need to create some incredible outdoor adventures with family and friends. Bring all your bicycles, ATVs, and Dirt Bikes and with a 14-foot garage area, you'll even have room for your favorite Side by Side. You'll never run out of fuel or fun with the 70-gallon built-in fuel station keeping you and your toys running from sun up to sun down. Many 5th Wheels are sectioned off with just a living/kitchen area and a master bedroom. Imagine the comfort and privacy you'll have on a long weekend with family and friends adding that extra garage living space along with the dubs calling private loft. And then access the back deck through the glass door that will allow you to reign over your camping oasis. Dutchmen RV's has been a leader in the Toy Hauler design and quality for years, and this popular 3914 model is no exception. Coming in at just under 44 feet in length, this beautiful 5th Wheel features three slides to open up the living space and three separate A/C units to keep each section individually regulated. Setting up camp is easy with the one-button Auto Leveling Jacks. The private master bedroom features an RV King Bed and lots of wardrobe closets and drawers. The walk-in bathroom has a full-size shower, mirrored vanity and sink, and plenty of space to prep to freshen up your day. Gather around the Center Island Kitchen with solid-surface counters and the deep double stainless steel sink with a high arch faucet and spray nozzle. You'll be cooking with the three-burner cooktop, oven, and microwave. Load up the snacks and perishables in the full-size double-door refrigerator. Take your Voltage off the beaten path and keep your batteries charged with the 5.5kW Onan Generator. The 10-gallon gas/electric water heater, along with the gas/electric refrigerator, means that you're completely covered off the grid. When you're plugged in the 50amp's will easily power your entire RV. This 2016 Voltage is ready to load up your toys and your family and hit the road. We are looking for people all over the country who share our love for boats/RVs.
