There is also cabinet storage at the top. Above the door leading to the garage, there is a loft bed with a ladder. The garage can be accessed from the living area or the second entry door. An electric ceiling fan provides ventilation. The master bedroom has a large queen bed with storage beneath the bed. There is one window to one side of the headboard area. There are his and hers mirrored closets next to the bed, and each side of the bed also has a storage cabinet with shelving and a hanging area for clothes. Across from the bed is a wall-mounted TV. A central vacuum system with a hose connection near the steps to the front of the fifth wheel provides an easy and convenient way to keep the Momentum clean. The patio can be set up quickly with the "quick set ramp patio door system." The patio gates can be rolled locked into place with very little effort.
