Description

Stock #390526 - 2021 Keystone RV Fuzion Toy Hauler 429 model in Great Shape and Spacious! This 2021 Fuzion by Keystone 429 RV is loaded with several upgrades and made for vacationing or living comfortably, and the present owners never felt crowded. The spacious living area makes it easy to entertain guests. The 50-inch TV and electric fireplace make it a cozy area as well. The living area also has two sofas with heated seats. One of the nicer features of this RV includes an extended season package that includes a radiant barrier, heavy-duty insulation, and a heated and enclosed underbelly. The garage has a fold-down ramp that becomes a patio area with an awning. This area is separated by insulated glass patio windows/doors. This RV is also a toy hauler capable of carrying your favorite toys, plus it includes a closed-loop air system that evacuates any exhaust, so it does not get into the living area. The kitchen has a Microwave convection oven, full-size refrigerator, oven, double sink with cutting board cover, and plenty of areas to prepare a meal for a family. The bedroom and master bath are separate from the living area. The bedroom has plenty of storage and has a king bed. The bathroom has a walk-in shower, sink, and porcelain toilet. One of the greatest RV control systems available, In Command, has a panel inside the door that also works through your phone. It controls several internal and external systems, including climate, the generator, and the tires. This system has Global Connect, which gives you or your dealer access to a service away from your unit. This RV will make a great vacation RV or home for you and your family.
