Description

Airstream Basecamp travel trailer 16 highlights: Bench Seating Complete Bed Conversion Dual Entry Wet Bath Pop-Up Charging Station Front Kitchen If you are seeking excitement with less hassle, this Basecamp travel trailer can easily hitch up for any off-road and off-grid adventure, yet you don't have to totally rough it since this trailer has a front kitchen to store perishables and a two-burner cooktop to make a warm meal. Just imagine relaxing on the bench seats with two pedestal tables in between while your storage is under your seat. You can configure the sleeping arrangements into one 76" x 76" complete bed or a half bed, whichever you prefer. The on-board wet bath comes in handy during the nighttime and daytime, and you can use the showerhead pass-through to create an outdoor shower that will be perfect to wash off dirty hiking boots! Don't you want an RV that is just as adventurous and tough as you are? The Airstream Basecamp travel trailer was created to complement your rugged lifestyle, and it will go anywhere that you can dream. The torsion axle suspension and Nev-R-Adjust brakes will give you a smooth ride, and the thermal barrier protection between the exterior and interior will keep you at the right temperature. The custom molded plastic LP cover with storage tray gives you a little extra space to store some essentials, and the exterior LP gas low-pressure grill connection makes it possible to cook outdoors. Take your Basecamp to the next level by adding the optional 180W solar package with upgraded AGM batteries.
