## Description

2024 Airstream Globetrotter 27FB Queen The Globetrotter is a modern design enthusiast's dream. With its sleek, clean lines, elegant features, and international touches, it surrounds you in a style that feels like it was made for you, elevating each and every adventure you set out on. In 1948, our founder, Wally Byam, and his friend Cornelius Vanderbilt painted the words "Globe Trotters" on the side of their Airstream - then headed for Europe. Today's Globetrotter was created to capture both the spirit of adventure and the spirit of European design. The two come together beautifully in a trailer with the classic Airstream look that feels of-the-moment and timeless all at once. A concept born in the UK and influenced by design from all across Europe, the Globetrotter's interior is a thing of beauty. The crisp, clean lines, smart compositional elements, and lustrous aluminum walls work in perfect harmony with the iconic Airstream profile.
