### Description

Stock #299652 - 2022 Grand Design Imagine 3250BH. Used one season. Pictures here are mostly when it was new, but it still looks new. Sleeps 9. Has the bunkhouse room. This is a lightly used 2022 Imagine by Grand Design. It is a bunkhouse that features two side doors, a fireplace and an outdoor kitchen. You can enter this unit into the bedroom, or the living area. When you enter into the living area the bunk room is in the very back, and is separated by its own door. In the bunk room there are four separate sleeping areas. The top bunk on the left side lifts up to make room for the person underneath. There is a TV backer and cable access if you decide to add a television. Going back into the living area the dinette is on your left, and there is an island for the kitchen that holds a large stainless sink and offers lots of storage. In the kitchen you have a three burner stove, a conventional oven along with a microwave oven and a mid-size refrigerator/freezer that runs on both electricity and propane. You also have a pantry that is accessed by a rolling door. This unit has two stadium style recliners on the left side that face directly toward the electric fireplace and LED Roku Television. Continuing toward the front the bath is on your right, and it can be entered directly from the hall or bedroom. The bedroom features a queen size bed with storage underneath. It also has a television, and a separate thermostat. Outside you have a 21' electric awning to keep you dry and cool. The outdoor kitchen features a mini-fridge and a two burner stove. For entertainment the exterior speakers will play your music, or you can bring a television outside. The power tongue jack will make hooking up to the bumper much easier.
