Description

2024 Jayco Jay Flight 235MBH, Jayco Jay Flight travel trailer 235MBH highlights: Double Bed Bunks Rear Corner Bath Private Front Bedroom Ample Exterior Storage Outdoor Refrigerator You can bring the whole family in this travel trailer! This unit can accommodate at least eight tired campers at night with a set of double bed bunks that sleep four, a private bedroom up front with a 60" x 75" Murphy bed that can transform into a jackknife sofa, and the U-shaped dinette can also be transformed into added sleeping space at night. You will appreciate the exterior storage found in the front compartments as well as in back near the exterior refrigerator and spray port. A 14' awning over the entry allows you to enjoy time outside with a little protection from the elements so there is plenty of room for everyone both inside and out. And, who doesn't appreciate your own bathroom when camping. A large shower, toilet, and sink with linen storage makes it easy for everyone to stay clean and refreshed without having to use the public facilities! These Jayco Jay Flight travel trailers have been a family favorite for years with their lasting power and superior construction. An integrated A-frame and magnum truss roof system holds them together. When you tow one of these units you're towing the entire unit and not just the frame.
