Check out the #1-selling Jayco Jay flight travel trailer! These trailers are built upon I-Class cambered structural steel I-beams and a fully integrated A-frame. They have axles with electric, self-adjusting brakes and easy-lube hubs to make your journeys smooth, and the Magnum Truss roof system will withstand many years and types of travel. You'll have large exterior downspouts, a front diamond plate, four stabilizer jacks, and a friction-hinge entry door with shade-prep window. The interior is where you'll find great comfort and modern design.
