Why buy new when you can purchase this barely used (but broken in) 2023 Jayco Jay Flight 240RBS and start your new adventures now! If you're looking for a lightweight, easy-to-pull camper that is great for weekends or extended stays, look no further. This camper was lived in for a short time until the seller bought his new home. Key features include a front private bedroom with a 60" x 74" queen bed that has wardrobes on either side and a shelf above for more storage. There are connections on the wall for a TV as well. Windows on both sides give you plenty of light as desired. You'll also appreciate the 81-inch tall ceiling in the main living area of the camper. This unit is also equipped with a tankless water heater! The kitchen has everything you will need with a large kitchen sink, microwave, 3-burner stovetop and oven, full-sized refrigerator-freezer, and plenty of counter space and storage space. There's even a large pantry that is right inside the door as you step into the camper. There are theater seats directly across from the entertainment center, so you have a perfect spot for watching TV or just relaxing, enjoying the day or evening. Each seat has its own table that swings out like a TV tray or can be removed. There's also a larger table that can be placed in front of the seat for meals. The bathroom is in the rear of the camper and has an abundance of room for you to move around as you get ready each morning. It features a large walk-in shower, sink, faucet, toilet, and plenty of storage space. As with any Jay Flight 240RBS travel trailer, you will have a durable foundation with I-Class cambered structural steel I-beams, a fully integrated A-frame, seamless roof material, and a Magnum Truss Roof System with plywood decking for a 50% stronger roof than any other in the industry.
