Description

2021 Keystone RV Bullet Crossfire 1850RB, Keystone Bullet Crossfire travel trailer 1850RB highlights: Laundry Chute Pass-Through Storage 68" Tri-Fold Sofa 11' Electric Awning This Bullet Crossfire travel trailer is the perfect complement to all of your upcoming travel plans! Because of the single slide, the interior feels spacious as you sit back and relax on the 68" tri-fold sofa and set your cup of coffee on the end table. The stainless steel sink and two-burner range in the kitchen will ensure that you can create delicious meals while you're out exploring, and the radius shower in the back will give you an area to get cleaned up whenever you need. You'll be able to easily pack up and go without much effort in the Keystone Bullet Crossfire travel trailer! These nimble trailers offer you the features your family wants without too much burden on your travel plans. The exterior is formed with a NORCO HSLA steel/automotive deposition coated frame assembled with huck bolts, and the fully walkable roof has a one-piece TPO membrane. The Dexter E-Z Lube axles keep your trailer running smoothly each and every time, and the four electric stabilizer jacks will keep your trailer even on rocky ground. Because these trailers have been prepped for solar, you'll be able to create an off-grid oasis, and the outside hot/cold shower with showerhead will allow you to hose down your outdoor equipment before returning it to the pass-through storage with magnetic door catches.
