With a rear cargo door and pass-through storage, you can bring along loads of gear, and you can also bring along lots of food because the indoor and outdoor kitchen will provide you with plenty of tools to cook it up. At the end of a long and tiresome day, you will want a place to relax, and that is when the king-size bed shines best. This bed is hidden away in a private bedroom so that you can recover peacefully. Your kids can also take a break back on the double-size bunks, and the lower bunk is able to flip up for storage. The Keystone Cougar Half-Ton fifth wheel and travel trailers are known as one of America's favorites for a reason! Some of those reasons are the exclusive features that come from Keystone, like the preparations for 4G and Wi-Fi, the in-floor heating ducts, and the Hyper Deck flooring. The Cougar Half-Ton has a Climate Guard protection package to keep you safe during inclement weather, and you'll also find an iN-Command Generation 3 with global connect. Use the 21" Furrion range with Piezo ignition to create all of those familiar meals from home, and take charge of how you camp with the SolarFlex 200 solar power system which has been fully integrated during the building process so that you don't have to worry about trying to add it on after purchase. This system provides continuous charge to ensure the operation of 12V systems and to protect your battery.
