Description

2024 Keystone RV Cougar Half-Ton 30BHS, Keystone Cougar Half-Ton travel trailer 30BHS highlights: Outdoor Grill Double-Size Bunks Ottoman with Bench Seat Front Master Bedroom Pass-Through storage Walk-Through Bath You're going to love camping with friends or family in this spacious travel trailer. There are double-size bunks in the back, and the lower bunk flips up for storage of luggage, camp gear, or toys. The group can relax in the main living area that includes a tri-fold sleeper sofa within the large slide out, plus there is an L-shaped booth dinette with an ottoman/bench seat for a unique set-up. There is even a fireplace and an LED HDTV for those rainy days you stay indoors. This model includes all the appliances indoors needed to prepare meals each day, plus there is a capital grill outdoors and an exterior mini fridge for cold drinks. And check out the 19' power awning that will shade you as you cook up lunch! The Keystone Cougar Half-Ton fifth wheel and travel trailers are known as one of America's favorites for a reason! Some of those reasons are the exclusive features that come from Keystone, like the preparations for 4G and Wi-Fi, the in-floor heating ducts, and the Hyper Deck flooring. The Cougar Half-Ton has a Climate Guard protection package to keep you safe during inclement weather, and you'll also find an iN-Command Generation 3 with global connect. Use the 21" Furrion range with Piezo ignition to create all of those familiar meals from home, and take charge of how you camp with the SolarFlex 200 solar power system which has been fully integrated during the building process so that you don't have to worry about trying to add it on after purchase. This system provides continuous charge to ensure the operation of 12V systems and to protect your battery.
