### Description

Description 2024 Keystone RV Cougar Sport 2100RK, Keystone Limited Edition Cougar Sport fifth wheel 2100RK highlights: Rear Kitchen Layout Tri-Fold Sofa Sleeper Private Front Bedroom 17' Awning Your family of five or six will love traveling in this Cougar Sport lightweight fifth wheel! Enter to find a convenient rear kitchen layout just steps inside the door. Drop your shoes off in the shoe cubby to your right at the door, and relax on either the tri-fold sleeper sofa or at the booth dinette. The sofa and a 12 volt refrigerator are situated in a slide for added roominess inside. Head up the steps to a complete bath and private front bedroom featuring a queen size bed with dual shirt wardrobes and nightstands on both sides of the bed. There is also a wardrobe off the foot of the bed along the inside wall with two convenient drawers as well. The bathroom offers a shower with skylight for added headroom and natural lighting. You will also appreciate the medicine cabinet over the sink for your personal items. Back down to the main living and kitchen area, a nice size pantry will hold all of your dry goods and snacks, and there is ample storage in the overhead cabinets above the dinette on either side of the TV, plus in the kitchen area all along the rear wall. Here you can cook your family their camp favorites using either the three burner range with oven, or overhead microwave. Outside, a 17' awning provides added living space protected from the elements! The Cougar Sport structural I-beam frame with stamped steel cross-members and outriggers, plus its laminated sidewalls with five-sided aluminum superstructure and Alpha Super Flex roof membrane are what active RVers love about the construction of the Cougar line, and the Cougar Sport limited edition models are no exception when it comes to a great package, as well as being smaller and lighter weight than their big brother Cougar models. A one-piece, heated and enclosed polypropylene underbelly means a longer camping season. On the inside, residential shaker style hardwood cabinet doors and decorative crown molding, plus seamless pressed countertops and an on-demand water heater will make your unit feel even more like home. You are also sure to appreciate the Barnwood style decorative accent wall behind the bed, a porcelain foot flush toilet in the bathroom, plus residential kitchen hardware and so much more. Sleeps 6 Slideouts 1
