Description

2022 Keystone RV Hideout 250BH, Keystone Hideout travel trailer 250BH highlights: Exterior Camp Kitchen Rear Corner Bathroom Double-Size Bunks 72" Sofa with Storage Central Vacuum This Hideout travel trailer is excellently laid out for great comfort! There is a private bedroom hidden away at the front, so you'll have a place to retreat to when the rest of the group gets rowdy. The bedroom also offers you a queen-size bed, a laundry chute, and bedside closets with nightstands. The 72" sofa with storage is an innovative feature that uses the storage below the sofa as seating around the table. This helps you immensely when you want to get everyone together to eat but don't want to have a full table with chairs clogging up the walkway for the rest of the day. A pull-out pantry is another great feature that lets you utilize hidden storage, and there is even storage access below the bunks too. The full bathroom has a 38" walk-in shower, and you can add an optional 40" TV to the area that has been prepped for a fireplace. The Keystone Hideout travel trailer, fifth wheel, and destination trailer will be just what the doctor ordered for a stress-free holiday at your favorite campsite! There are a few exclusive features that you'll only find on a Keystone product, like the color-coded unified wiring, the preparations for 4G LTE and Wi-Fi, the Tuf-Lok thermoplastic duct joiners, the in-floor heating ducts, and the Tru-fit slide construction. Each model has a power awning for some shade in the afternoon, and the tinted safety glass windows will prevent the harmful UV rays from getting inside. You'll also have blackout night shades that you can close when you want privacy, and the SolarFlex 200 is a solar power system that will refill your battery to operate onboard 12V systems with just one day of peak sun exposure.
