## Description

Amazing, one owner, Keystone Cougar 34 TSB (Bunkhouse). This amazing and fun camper is a dream to haul, comfortable to sleep in and amplifies all the fun you can have while camping. Three beds in the bunkhouse, a jack-knife couch, TV for playing games or watching TV. Plenty of storage for clothes and toys on extended trips. Upgraded to a second A/C in the master which has a king sized bed, plenty of storage and a TV for catching a late night show. The focal point is the large TV, electric fireplace, theater style recliners and comfortable dining. This also has an outdoor kitchen with two burner stove, camp sink and mini-fridge for quick access to drinks. Auto-leveling jacks (far better than stabilizers), pass through storage and a Pro-Pride 3P hitch make this an amazing camper. The Pro-Pride hitch is a major upgrade to towing which causes it to act more like a 5-th wheel than a tow behind trailer. More info is here: <https://www.propridehitch.com>

## Basic information
