Description

2023 Prime Time Tracer 28BHS For the consumer who is looking for ultra-light weights, but doesn't want to sacrifice style, amenities, and comfort... we've designed the Tracer series travel trailers. The Tracer Ultra-Lite offers spacious layouts, plush residential furniture, and other high end features not typically seen in an ultra-lite trailer that is often thousands of pounds lighter than traditional travel trailers! The Tracer has raised the bar for comfort and luxury in an ultra-lite brand. In your next travel trailer, make NO SACRIFICES! Light weight. Easy to tow. Loaded with features. No sacrifices! The 28BHS is a bunkhouse model with room for everyone. In the front, there's a queen bedroom for the parents, with a solid wood sliding door for added privacy. In the main living area, a slideout contains a sofa and dinette and provides extra elbow room. The kitchen comes with Furrion appliances and plenty of cabinets for storage. The bunk room features a pair of double-over-double bunks, so there's plenty of room to stretch out at the end of a long day.
