Description

2023 Winnebago Industries Towables Voyage 2831RB, Winnebago Industries Towables Voyage travel trailer 2831RB highlights: Rear Full Bath Large Slide Out Dual Entry Tri-Fold Sofa LED TV Convenience and comfort are found throughout as you return to your own accommodations after exploring the campgrounds. There are two entry doors so that you can choose to either enter the front private bedroom or the main living area. When you choose to enter through the main entrance, you will be met with a walk-in pantry to your right and a full rear bathroom to your left. That makes it very convenient when you are coming in after a muddy adventure so that you don't track dirt all throughout the trailer. Within the main living area there is a large slide that has a tri-fold sofa and booth dinette across from the kitchen area. You will love sitting back on these pieces of furniture while you watch the LED TV within the entertainment center across from you. Each Voyage travel trailer by Winnebago Industries Towables includes two 100-watt solar panels with a charge control monitor so you can camp off-grid, satellite and antenna connections, and an antenna with wifi prep. Also included is a heated and enclosed underbelly with thermo foil insulation for four seasons of travel, a gel coat fiberglass front cap with integrated LED lighting, walk-on roof decking, plus four-point power/electric stabilizers for easy setup and stability. The interior offers comforts of home, large windows, ceiling LED lights, ductless flooring throughout, and full kitchen amenities. No voyage is better than the one taken in the Voyage travel trailer!
